Is it childish to attack someone's personal life based on what he does on the internet? In most cases, yes.

Does that mean that he needs you to help defend his reputation when he is, supposedly, a big enough boy to defend himself? No.

If you're gonna help defend this asshole's reputation, then where were you when Blazer called me a hypocrite?

(EDIT: That's worded a little harsher than I intended, but I really don't know how else to word it. Just don't take it personally.)
