you know what, flame me all you want but, personally, i dont see ACK as being an overly bad guy, sure a few quirks, but who doesnt have em, his are just a bit more..... obvious, than others'. i know for a fact at least a few ppl are gonna flip out, but you know what, i dont give a damn. so what, he told a lie or two, made a few mistakes, no one is perfect. i vote NO

EDIT: BTW, just for you peeps wonderin, my vote made it 50%/50%

EDIT2: Kamuix, your gonna hate me, and you probobly dont even remember me, but if i still happen to be a mod on your server, you might as well delete me from modlist, not cuz of this, but cuz i barely play anymore as is, and when i do play, i got friends i like to play with, so sry.

EDIT3: go to his profile, click on webpage, and go down to where it says member of:...

Garfieldandfriends, love, dagamerz, nature club, doesnt seem very "bad" to me.
