Over the past 3 and a half years I've been running this forum, I have been approached time and time again asking why I don't ban him and why I let him get away with being verbally abusive to so many people. I have apologized to those people for not considering their feelings on the matter enough, and this poll is to make amends to those people that I have ignored all these years. I don't care either way where the votes goes, but now at least those people can't say I didn't try. If this were a retaliatory measure for ACK's betrayal against me, then Spooky would have a poll up with his name on it along with several others. Don't misread the intent of this poll. I clearly stated it at the first post.
