Crimson wrote on Thu, 05 October 2006 05:35 Over the past 3 and a half years I've been running this forum, I have been approached time and time again asking why I don't ban him and why I let him get away with being verbally abusive to so many people. I have apologized to those people for not considering their feelings on the matter enough, and this poll is to make amends to those people that I have ignored all these years. I don't care either way where the votes goes, but now at least those people can't say I didn't try. If this were a retaliatory measure for ACK's betrayal against me, then Spooky would have a poll up with his name on it along with several others. Don't misread the intent of this poll. I clearly stated it at the first post.

Banning ACK now would be too little, too late. You're just trying to save face when the damage to your reputation for accommodating him (as well as others, like Kholdstare) has already been done. It's time to suck it up, and move on.
