Few months later, you got angry at henry for not letting you in cuz you were shit, then you started"+ADD+" ROFL. Wow, that clan was really great . While ALL of [+TRPM+]s members are ranked UNDER 100! And we have the 3rd ranked player on WOL, and 50th. And I was ranked 5th myself summer of '04

First off i wasn't trying out for +ILL+'s sniper clan like you i was trying out for the aow part and Rank Mean Nothing rank just means YOU play alot and have no life and i second that challenge.

1v1 is all luck everyone knows that that isn't a n00b anyway even ask Henry he always ask's for 2v2 or 3v3 unlike you oh Wanna 1v1

That is just you thinking Highlyof yourself, And last but not least Accept or you'll be the Most Laughed at Clan
