maj.boredomok, you're grounded from name calling until you learn what spam means.

I know what a spam post is... It's a post that has nothing to do with the original topic. Just like most of his replies, all my replies, and your reply to mine... I never said I wasn't spamming, I was just pointing out that he was as well.

Captkurt01Who's the idiot? you better look again.

You're one to talk... why don't you go back into your hole.
