You totally miss the point, moron. You're supposed to try to get better, not make half-assed excuses as to why you won't. Stay a newbie all your life, whatever suits you.

Halo, I'm not talking about the "post02" incident. I don't even know\remember what you're referring to. All I know is that you're a whore for attention and release minor things, demanding that people credit you for using them... If they ever actually did.
