Well the exposure is long gone. Its all over, but he still continue to brag about it, even look @ his siggy, lol, he said google images, 99% of all images made by Paint / PhotoShop, etc. have google images in there, or stored in images. It's especially immature to have that kind of signature, I can edit TsU's just as easy, but I don't want to cause I am not that immature. Anyhow, back on topic...

The reason of creation of this tread is?  
(And the point..)
