Matix wrote on Tue, 17 October 2006 16:49He said that threads on tires help it keep traction.

So spam helps this forum out how? More BW usage? More of a downgrade then a upgrade. Forums without these type of threads would be better, and tires with better threads would be better. It goes in 2 seperate directions.

Someone just lock this post, its useless and causing spam.

You asked about the reasoning and point of the creation of a tread. I was simply telling you why.
