tigerback4014 wrote on Sat, 21 October 2006 13:05i hate those laptops, im always afraid of breaking them when i get over excited nd start hammering it

plus they are not very accurate

no i dont think it would be considered cheating, coz its just another way of playing, just like using a joystick or mouse

Hey, if your afraid of breaking it, get warranty like my cousin did, MAN he broke his computers like 100 times AT LEAST and got brand new ones, DELL..... PLUS HIS MP3 PLAYER, HE LET ME THROW IT AROUND.
