Halo38Ok so we can clear this up. what are you trying to say by this, which is the point of this exchange of words?

Quote:All I know is that you're a whore for attention and release minor things, demanding that people credit you for using them...

Are you going to answer the question? or can't you. please no more tangents.

You ask me to answer a question, then you put "ownt" in there (Which is Blazer's term, by the way.) like I was expected to post a reply in your own post? Just wow...

The point I've been making ever since you came here is that you're an attention whore... I'm \*oh so sorry\* that you can't see the point being illustrated without me having to make sure you understand...
