At first I was like AHHH Blazer is posting a good-bye message, NO WAY!!

Then read further and relizead that it was from Greg, aKa Codewench.

That speech was very sad and made me think back to when I was younger and never really got involved yet during Red Alert's spot in the heat of batte....

Well I wish you the best of luck of getting a new job. I am sure with your expertise it should ne no problem.

I would like to leave something I feel describes Greg and the best gaming company ever, Westwood
