Wow sm0ke your retard'd

First game, he RAPES you, huge point lead, 2nd game, still has more points than you, you start the 3rd game, you quit saying you have to restart the server (ROFL), and you restart the server a total of 4 times, if not more. Its it only by chance that you kept "restating" the server when he was betting ya again(walls flying)?

19 took some SS's, so dont take my word for it, they will be posted soon And its even evident in sm0kes own posts that he is losing ROFL

there ya go, we 0wn3d {WG}, whose next? any from the #GW clan?
