Edit: America is being entertained to death, movies like Saw 1, Saw 2, Saw 3, Scream, The Texas Chainsaw Masscre, they are making the youth not treat human life with respect and treat everything with respect all around them. Its true. I am a high school student and I see people laughing at nothing! They cuss for no reason, they act like Hollywood celebrities, and the girls dress up like Hookers! Some people act like gangsters, infact I know somebody who is White and acts like a bigshot gangster, so does his sister, it is really sad what is going on in todays society, imagine the youth today 10 years from now voting on important issues that are important for Americas future. You have to have knowlodge. With all of the bluff, pointlessness, and lets buy that and get this just because the celebrities have it. People are ignorant, and and that is dangerous at these hot political times. And yet 80% of the wold lives in poverty, and nobody really gives a damn about the horrors that are going on on this planet as you read this! I mean you can buy military equipment, you can buy people, childeren, bombs, tanks, missles, all you have to do is get the money. It is really quite sad that America is somehow an oasis form all of this suffering. Just look at Africa!

Wow... I acually have to agree with him on this particular paragraph, not the subject. Um, except for the Africa part
