i am hoping to put a feature in the sbot to stop harv walking if wanted. but it depends on server owner/map if it is considered cheating/unfair.

the reason i started this is because it is alot easier (for me) to do this to nod than gdi. on gdi if i step out of line for even a second i get shot by the agt gun. it takes less than 6 hits to die.

but i dont see why on some servers it is considered cheating :/
