pps:

216.40.X.X falls in followring ip range:

NetRange: 216.40.64.0 - 216.40.95.255
rgName: OPENBAND MULTIMEDIA, LLC
OrgID: OML-12
Address: 14927 Bogle Drive
City: Chantilly
StateProv: VA
PostalCode: 20151
Country: US

host name identifikation:
*res.openband.net
....

my isp host name identifikation:
*hsi.kabelbw.de
....

iam in germany like u can see on my provider, and the ip u posted is from a us provider.

its funny this isp has only ca. 8000 ips it must be a little provider or this provider has multiple ip range registrations. if i get more time and desire for that, i can isolate more and more but i dont have desire for this no more

and bans only help vs noobs, if u knwo what the system makes its easy to unbann a normal server bann, u can unbann u from rg too if u knwo what to do ;-D the normal rene key can be getting more than 1 hash ^^ but i dont tell now all the little cheater f***er what they have to do
