I tried renegadecommunity and fileplanet, but they only have few of the songs. I once knew a website where to download the music, but ever since I moved to my new computer, I lost that website. Google search did not help.

This is the guy sites who made all the C&C ><http://www.frankklepacki.com/>

Site has a few of songs on ><http://www.cncnz.com/files/renegade/media.php>

Site to download xcc mixer, you can get all the music from this if your lazy ass decides to do use it > <http://www.game-maps.net/index.php?action=file&id=334>

You can also search for a thing called Unmix, download it, find your always.dat right click on it, choose to open it with unmix, and it will unpack it into a folder for you.

Enjoy.
