Jerad Gray wrote on Thu, 30 November 2006 14:28 Or you go to the "Instances" tab, and then open the "Object" preset, then "Simple". Finally select the last "PCT_Zone_TEAMTYPE" listed (This will be the last one you placed) you can click the select button to select this PCT_Zone, or mod to modify its specific settings, or double click on it to move the camera to it.

Ah. Good idea!
