It really depends what your looking for here. I can do bump mapping in renx if thats what you mean. I can make bump map textures from an image itself , but this is something that requires a bit of fine tuning and practice to get the right effects.

It really depends what the base texture is.

[http://img.photobucket.com/albums/v160/blazea58/LevelEdit2006-08-3112-19-19-81.j pg](http://img.photobucket.com/albums/v160/blazea58/LevelEdit2006-08-3112-19-19-81.jpg)

Thats an example.
