No this guy talks about OWNING. HE JUST OWNS. HE IS THE POWNERER.

Anyways, no there is no MCT in a building but irregardless there is no spot in the C&C Universe that if you use a nuke/ion/weather storm/whatever the fuck, that you automatically win. It would make the game BORING. "Well, they should have killed me before I could have made it possible to nuke that spot, if they were "pro" that's what they would have done"

Just dumb.

edit: in case you haven't gotten my point yet, stop saying "owning", "pro" or "nub". You're terrible at renegade and I'm almost sure that you wouldn't even know what to do if you were in a 4v4 against a good team on a map like field.  
"Buy flame tanks?"
