I'm warning you: there you go again! Talking about things that'll change Renegade forever. First do it, then talk about it, it's a good advice! Otherwise it might end up like seye up to now: a lot of good will, a lot of talking but nothing really comes out of it.

Best way to approach this community is to make something, then talk about it/show it off. If not, you'll make the same mistake as BHS with renguard 1.04 and as a lot of others.

Do like Silent Kane: from time to time he comes with a Renegade "bomb", then dissapears again. And noone really blames him for being "just a big jackass"!
