---

Would anyone be willing do animate a very complex bridge I made so it will blow up? I tried a tutorial on it but I dont think im ready to learn it all I tried but its not a very easy to understand tutorial. And it covers it a different way . So if anyone out there can animate this bridge for me I would like it very much . Please help. leave ur msn or email if u want to help and I will send it to you. Thanks.
