What your having problem's with is objects.ddb will not over ride the seting's of it that is set by the ppl that made the game.

U will have to save it as a .pkg or .mix other wise u wont get it.

[www.renhelp.net](http://www.renhelp.net) find one of the Tut to export it as .mix.

I know im right cus i just tryed the same thing and it didnt work.
