Crimson wrote on Sat, 30 December 2006 23:46I started my vehicle autobind on March 5th of this year. Unfortunately this also helps me realize how little time I get to work on my bot. :\ well you didnt posted it, and still, it is / was a trivial idea.  
But to do it properly I would say you needed a assembly hack (we do anyway) for it, so SK would need to make it for you then.
