I'm only 20, I work, and I go to school full-time. My parents are understanding enough to allow me to stay at home (rent-free) for the time I'm going to school. I see no reason why I should be ashamed of it.

LMFAOOOOOOOOOOOOOOO. WOW, that almost put me in tears. GJ

What put you in tears? The fact that I have parents who actually care about me, or that I'm not a worthless fuck, and I'm actually furthering my education?

Yes ofcourse, your not worthless, just living in your parents basement which is pretty dam close It's actually the room I've always lived in, but sure... if my parents caring about me while I continue to go to school makes me worthless in your eyes, then I hope, in YOUR eyes, that I'm the most worthless fuck you know of.
