That sounds a ton like me now. I didn't read the other description of my type. I'd be really interested now to see what Aircraftkiller and Jadames are. This may sound dumb and you guys would probably -rep me if you could but they've both kinda felt... like a mentor to me. If you are familiar with Scrubs then maybe you could see the JD Cox dynamic. Maybe they are Pedagogal to my ENFJ or something. That would make them INTPs and I think there are some matches.

Precise about their descriptions, INTPs will often correct others (or be sorely tempted to) if the shade of meaning is a bit off. While annoying to the less concise, this fine discrimination ability gives INTPs so inclined a natural advantage as, for example, grammarians and linguists.

INTPs and Logic -- One of the tipoffs that a person is an INTP is her obsession with logical correctness. Errors are not often due to poor logic -- apparent faux pas in reasoning are usually a result of overlooking details or of incorrect context.

Aircraftkiller Definatly lol

SKIN VS TEXTURE

It also says they may be really good at and interested in programming and math and Jadame is awesome at programming.

Uh yeah... I'll quit now lol.
