If you knew that a server has a no-swearing policy then why rock the boat?

What you could have done was come on Team-Speak. I must be the biggest swearer in there and no-one bothers me at all. We just dont do it in-game as its a rule.

Im sure that you will abide by the rules of N00bstories therefore UNrules is no different.

"They rule with an Iron Fist" was your quote. Let them, but just abide by the rules.

Before everyone starts to slag off UN!! I play there 99% of my time and have never had any major problems. Sometimes its easier to use IRC and TS to "get to know the Admin".

Admin in any server are only trying their best to create a server they way they want it, as opposed to the way that players want it. They pay for that privelege. Perhaps we should all try and respect any rules of Admin staff on any individual server that we play on.

Romaner!! you will be missed by your mates at UN. best of luck if I dont hear from you. Take care.Un thinks any player better than their moderators cheats.

So much for getting to know them when they ban you.
