I don't recall having to make a rule that says to obey the admin and mods when you are asked to do something. I asked politely for this one particular line of discussion to end, and now you are trying everyone's patience. I really don't want to have to take matters any further than this. We do NOT want to discuss the Spooky/me situation any further. Why is that so hard to understand? I'm REALLY REALLY tired of fighting with people.
