Caveman wrote on Wed, 17 January 2007 16:20l recommended this for a fellow clan member and he gets this;

<http://img443.imageshack.us/img443/3033/huhhgm7.jpg>

I don't know whether its a present bug or something....

I am unable to replicate this error; Can you find out more about the situation like the nicknames of the players involved?
