Lol the poor guy is normally me when a reave spots my infiltration suit. It is a team game thats why your encourages to form squads, even in the manual it says you should form squads before venturing out. I am in the RenEvo Epoch outfit (planetsides version of a clan) and there is a lot of teamwork when i play in outfit squads. It is a fun game in my opinion.

I still play renegade a lot though maybe not as much as before, you will still see me here a lot on the mod forum. Modding is seperate from playing the game so i don't play as much but i still help out here as much as before.
