[quote="MSNSazabi"]besides hack and slash but[quote]

First of all it's not an RPG, it's an MMOFPS, it's a FPS. Secondly Planetside is more than fighting. You can't win a fight unless you have hackers and engineers to take over bases. Also the main fighters (MAX units) are unable to drive any vehicle so you then need piolets for the vehicles or your gonna have to walk for an hour. Also you can't win a fight by just shooting, you need a squad leader to command the squad and to give orders and set waypoints.
