warranto wrote on Wed, 24 January 2007 13:20 Just so things don't get confusing, can someone go through an list all the challenges made?

They might as well occur in the order that they come.

As many of you know, there have been countless posts, and numerous threads going on between troopr02 on behalf of himself and his clan -- stating that he is pro and that everyone else is a noob, dodger, or cheater.

The purpose of this thread is to consolidate these discussions. Please ONLY post if you are challenging troopr02 (or trpm clan) to a 1v1.

troopr02 will not dodge any of your requests. If he does, it will be officially noted as a dodge.

troopr02: if you don't want to play someone because you think they're a cheater you must provide proof of the person cheating otherwise it will be considered a dodge.

Lets the challenges begin!
