msgtpain ... I'm sure since you have this all figured out Crimson will ban sk and you can take over for him and get the back end of the new RG done. Then everyone will be happy! Sound good? As for your twist to make this my fault, well, that is just retarded.

You can discuss it all you want but it isn't going to matter. The situation has been delt with on the n00bstories and the BHS ands and has been closed. If you don't want to use RG then don't, it is an OPTIONAL part of a GAME.
