btw, your lucky, ur in GDE (LMFAO) and watch batman, so take my request as a gift.

I guess batman dodged. Anyway, call it what you will, I think i can truely say im the #1 talked about player on these forums, if nto ingame

Batman doesnt hang out on the forums all day like you do. First time ive checked and no im not 50 and yes i work for a living. So your wrong on three accounts. Your a dick and if i took a vote on here i sure everyone would agree.

I didn't challenge you to a one on one but there is a challenge on these forums and on others for you to play spoony 1 vs 1 and you dodge it each and every time. Tell you what you play spoony 1 vs 1 then ill have a go with you but he challenged you first so stop dodging it and just accept the challenge with you and spoony.

If you respond to this with your normal asshole approach and totally ignore you vs spoony then thats a no to that challenge.
