Uhh, this is the tactics and strategies forum, people here actually want to know about how things happen ingame.. Not how it shows up in leveledit. You didn't even add in the damage for the explosions, the mrls clearly does much more damage per salvo than the arty does per shot. :\ It takes 2 salvos of an mrls to kill an arty, and around 4-5 shots(I think) to kill an mrls with an arty. The mrls does more damage in a shorter amount of time I believe.
