Goztow wrote on Tue, 30 January 2007 03:03: So you manually downloaded the core patches. Did you download both 'patcher' and 'patchall' for CP2? The sticky about CP2 manual install gives a download link to the 2nd file in one of the lower posts.

Jonwils Stiky-

It said, if you have Cp1, Installed, then do "this" one...

Now then, when i read that, i was in the middle on installing Cp1...suggestions?

Edit:

Im in the middle of installing "pathcall"

Edit 2: Done installing "patchall"

Now what?
