lol your the one who claims he has screenshots of his imaginary win, so post em, ive been waiting forever, i even gave you the months when we played because you whined about not being able to find them. oh, just so you didn't forget, if you place a ped beacon and the game doesnt end, chances are ped beacon isnt turned on. oh, and when you leave the game in a fit of rage because your down by 3000 points, you don't win either.
