heh, seems both side are throwing punches. The wierd thing is the threads with the most are usually tainted with this arguementive behavior. I don't think lmdgr8one is much older than 11 if i recall, and he shouldn't of used "complete", but yes you are going a bit far with cutting these guys down when you post as well. I know they might cut you down to, but try to come back in a manner more suited for yourself. Attack with a more advanced vocabulary, and not: fucker, 'whatever' fucker, bastard, ass, ass 'whatever', shit 'whatever'. Getting annoyed of people abusing this no censorship. It's senseless and takes no thought only what will piss them off the most. Every time you bash eachother with these kind of post the post will just become longer and filled with meaningless insults.

If you don't understand where i'm coming from i guess i'm the "Father" fuck as you might put it. For 'involving' myself in this.
