---

I'm just trying to compile the scripts.dll file, with no changes, but keep getting this error:

```
1>dllmain.obj : error LNK2019: unresolved external symbol "int __cdecl
__CxxSetUnhandledExceptionHandler(void)" (?__CxxSetUnhandledExceptionHandler@@YAHXZ)
referenced in function _NotifyHookUnhandledExceptionHandler
1>scripts.dll : fatal error LNK1120: 1 unresolved externals
```

Anyone would happen to know what I'm missing? (That is the only error I am getting, PlatformSDK etc already in for other .lib files)
