Yes, I know. For me it's easier to have a small sheet I can quickly look at rather than having my character standing there idle while I scroll through commands.

I only need it for a bit, then have everything memorized, but for now I need it.

Guess I'll just have to do it the hard way.

As for the "OMG THIS ISNT THE BF2142 FORUMS!!11" Yes I know. And I have researched there with no luck.
