I'm unsure if this has been mentioned before, but this sure made me laugh. In the sewers of gaming development floats a game, called "Lost Colony". Both the so called developers and the fans on their forum have the IQ of a bean. When you take a look at the screenshots and features you will soon realise this game is nothing more than a bad joke.

Let's take a look of their amazing arsenal of weapons:

Sniper rifle anyone?

if youre in for a laugh, <http://www.lostcolonygame.com>
