BBF is back to its old hacking ways

So then, your assuming my Clan/Myself is hacking?

When he changed his name, after being booted about 50 times, i was the only one kicking/
causing him to get kicked.
Because i was the only one who cared.

Then he comes in game, with my name,

So its my fault?

OT: Im not asking you to ban him, because you cant.
Unless its a full RG server, he cant be banned for more then 5 minutes.
He'll come back.
And besides, im only giving a heads up, not asking for action to be taken, however, ill be in game
tonight looking for him.
