For individual maps: www.renmaps.com

For map packs: go to the server's website, they usually offer to download a mappack. E.g. TheKOSs2-server has their fanmaps at www.thekoss2.org/maps

To install maps: unzip the files if they are zipped, then move them to your renegade/data - directory.

To install Renguard, go to www.renguard.com and download the Renguard installer.

Renguard will ask you if you want to enable core patch updates, hit 'yes' and they'll start downloading/updating automatically.

For teh complete process of reinstalling Ren, you can also check [http://www.thekoss2.org/article.php?menu=game_info&cat=\[REN\]Installing](http://www.thekoss2.org/article.php?menu=game_info&cat=[REN]Installing)
