Another related subject: Bush has said he'll take money from health insurances for the poorest to put in the war funds. Read it in the newspaper today. What about that?
Good. The government's job isn't to care for the poor.

Yes, I'm a heartless libertarian, but where is the individualism in America, anymore? Liberties? What are those?

The liberal idea of the "common good" looks an awful lot like Communism.

Funny thing is that communism isnt directly a bad this, as long as you dont overdo it, like real communist countries.

In your eyes the Netherlands, sweden norway finland and probably more or less the rest of europe, would be communists.
