Hello, how are you gentlemen? All your base are belong to us. Err... No... That's not it. Oh yeah, now I remember... I'm working on a Goldeneye/Perfect Dark hack... err... mod for Renegade. I was hoping someone would like to apply here or on the CnC: GEnPD fourms. Think about it, Co-op Bunker? Counter-Op Bunker? Possibly the Citidel. Anyone want to join the team? No screenshots yet, just a fourm.
