Quote:This bring back my good point...why cheat? If you have no skill and hate being noob for those couple months, dun play this game. Dont ruin it for other people.

Sound familiar?

No? how about this

Quote:If hes guilty, die/burn in hell, cheaters suck and so do you.

You are a hypocrite.

You do not deserve a second chance (although, I've said this before, but every time you join a game you have the choice of whether or not to cheat. After being \*BANNED\* on the first server, you STILL had a second chance to stop cheating - you didn't) That is why, even when you had ample opportunity to stop cheating, you didn't. What made you stop? You had to be \*caught\* cheating. A confession is worthless if there is proof of the crime. You would have carried on cheating no matter what. Then you have the audacity to say mexpirate is immature when YOU are the one who cheated, and YOU are the one who admitted that you would just change your IP. You have some nerve, boy. You need to grow up. Better yet, why don't you take your own advice (If you haven't figured it out yet, the quotes are from you) and go play a different game and don't come back. Prick, the fucking nerve...
