---

i load rg, start playing and after a map or 3 it suddenly crashes, and i got back to my desktop i can still play on, but the next map i will keep getting messeges that i'm nut running rg i'll get a ss of the error messege i recieve asap (don't have it yet) it something with failed loading blabla

and then there is something else everytime i play rene with rg on, my headphone goes crazy i keep hearing beep sound (real loud, because my parents hear them downstairs) can anybody say what is cousing that?
