Sn1per74(2) wrote on Tue, 13 March 2007 08:53 Instead of Zerg maybe change it with Protozoa? They have alot more units and stuff.

that would be a good idea because the terran have a lot of things too and with the protos (they have a lot to) people would probably have more fun (unless its some strange death match somehow someone could make a zerg mod for that).
