I have enabled Avatars from a selected Renegade gallery.

Click "Profile" at the top.

Scroll down and click the "Show Gallery" button.

There are 3 galleries to choose from. Select the avatar you want.

Click "Select Avatar". You will go back to your profile screen.

Click "Submit" to finalize selecting your avatar.

DO NOT ASK ME FOR A CUSTOM AVATAR! You will not get it. I will ignore your PM. I don't have the time to do custom approved images. If you have a pack of gaming or CNC-related images that are 80x80 up to 100x100, you may contact me to submit the entire batch to be available to the public.

Thanks, and enjoy.
