I wrote a really well thought out long analysis of this video including analyzations of Job security, placement, education, Internet proliferation and general debunkery. Then I pressed the back button on my mouse on accident and lost the whole thing. Now I'm really mad. This blows...

I for one, would still like to see it. If you have it in you to re-write it, It would be appreciated. If not though, I understand. Writing those types of things can be a pain in the butt sometimes
